3. Enter your email address and click “NEXT”

This will trigger an email verification/password reset* email.

*Since we created your account for you, you will need to set/reset your password. Please make sure you are using the same email you provided for us to set-up your account.

The screenshot shows the sign-in interface of the HUSK app. At the top, the status bar displays the time 10:23, signal strength, Wi-Fi, and battery icons. Below the status bar is a header with a back arrow and the text "Sign In". The main content area has a white background with a rounded top. It features a large heading "Hello, Welcome Back!". Below this is a text input field with the placeholder "Enter your email address". Underneath the input field is a prominent green button labeled "NEXT". At the bottom of the white area, there is a link that says "Don't have an account?" followed by "REGISTER NOW" in green text. A black horizontal line is visible at the very bottom of the screen, likely representing the home indicator bar on an iPhone.
